Date & Time : 13.08.2022, 3.45 p.m – 5.00 pm

Description about the event conductance:

The final year placed students interacted with the third year students about their experience. They shared their initial preparation and requirements for the placement drive. Company-specific preparation and the technical rounds experience with the company persons were stated clearly to the students. They encouraged their juniors to concentrate from the basic concepts and practice the programming in various portals.

Over 48 students participated in the event and interacted with the final year students and asked their questions on the placement process and companies.

EVENT REPORT

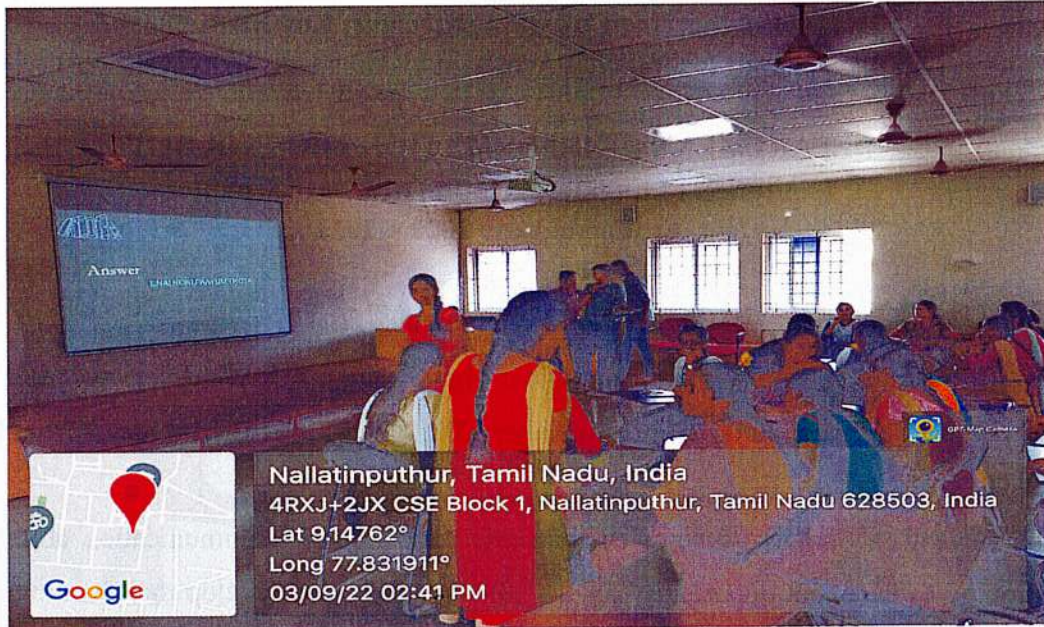

IE(I) Students' Chapter of the department organizes the following non-technical events Just A Minute and Connection on 2nd of September, 2022 for the interested students from III year & II year IT.

The event encourages students to showcase their English communication ability. This competition gives excellent opportunity for the students to further develop their communication capabilities through the challenges that they are made to take on during the competition, posed either by the JAM Master through the interesting and challenging topics that the participants are made to speak on, or by the objections that they have to face from their fellow participants in case they have trespassed the rules of the competition.

It provides interesting platform for students to engage in public speaking in a game like situation. Such competitions can encourage students to come out of their shell and develop their confidence to communicate in English. 60 students from III year & II year IT were participated in the competitions.

Introduction:

ISHRAE NEC STUDENTS CHAPTER and Mechanical Engineering Association (MEA) jointly organised an NEC Intra-college level Technical events in the title "**FREEZE FEST**" on 25th February 2023 at Mechanical Seminar Hall. All the registered students from various departments were assembled in seminar hall and the activities started with a small welcome address by Mr. P. Vishweswaran Second Year, Mechanical.

About the Event:

To develop an interest in HVAC field, ISHRAE NEC Students Chapter organised different events at college level. There are 44 students participated in the event and divided into 11 teams respectively. The event was conducted as three rounds. In the first round, find and solve was conducted by writing maximum number of technical words using the given clues. While in the second round, missing words and page number to be identified for the given pdf document. In the last round, a real time quiz was conducted on **History of refrigeration and air conditioning**. Time was given to prepare the content and the entire activity was carried out through NEC Learning Management System. All the events were time bounded. All the activities planned for students will be helpful in **Team bonding**, also these activities improve workplace projects that involve **teamwork**. After completing team building activities together, students better understand each other's strengths, weaknesses, and interests. After evaluating the three rounds, the winner was selected based on their performances.

75th Independence Day Event Celebration Report

Name of the clubs Organized : National Cadet Crops & National Service Scheme
Event Name : Freedom Fighters - An overview
Venue : Chathirapatti Gramam
Date & Time : 07.0802022

Detailed Report on the event:

- Description about the event conductance

Freedom fighters were people who sacrificed their lives selflessly for the freedom of their country. Every country has its fair share of freedom fighters. People look up to them in terms of patriotism and love for one's country. They are considered the epitome of patriotic people. One cannot emphasize enough on the importance of freedom fighters. After all, they are the ones because of whom we celebrate ~~75th Independence Day~~. No matter how small a role they played, they are very much significant today as they were in those times. Moreover, they revolted against the colonizers so as to stand up for the country and its people.

Hence we planned this event in the Chathirapatti Gramam to make the awareness about the independence day and freedom fighters.

Feedback

This event was really productive since we've got the opportunity to break our stage fear in front of a number of audience. I have tried to overcome previous faults that I had made while speaking in front of audience. Such stages are always acting as a breakthrough which encourage speakers to improve our oratorical skills. So I'm expecting for such kind of competitions in the future.

The Mechanical Engineering Association organized workshop on "Job Opportunities in Health and Safety Environment for Engineers" on 26/07/2023. Professor Dr.D.Venkatkumar welcomed our honourable resource person Mr.Palanikumar Raja to this workshop. Mr.R.Maaneekka Rathinam of third year mechanical delivered the Chief Guest Introduction. He shared his insights and views on the job opportunities in health and safety environment. He also gave awareness about safety courses, such as those offered by NEBOSH (National Examination Board in Occupational Safety and Health) play a crucial role in promoting workplace safety, reducing accidents and ensuring the well being of employees. NEBOSH is a globally recognized organization that provides certifications in various health and safety disciplines. These courses are designed to equip individuals with the knowledge and skills required to identify and manage potential hazards in the workplace, thereby fostering a safer working environment for everyone involved. He cleared the student's queries and doubts related to job opportunities and also shared his experience in safety field. Totally 71 students were attended in this workshop (57 students from third year mechanical and 14 from final year mechanical). Finally he was honoured by Dr.D.Venkatkumar with the shawl and shield.
