## **FOUNDERS DAY CELEBRATION REPORT**

Name of the club Organized : ECO Club  
Event Names : MIME competition  
Script Competition  
Venue : Library AV Hall  
Date & Time : 16.09.2023 (10:00 AM to 12:30 PM)

### **Description of the event conductance:**

On behalf of the Founders Day Celebration (16.09.2023), ECO Club Conducted MIME and script competition with the theme, "Sustainable Agriculture and Food Technologies" for the students. Dr.S.Lavanya, Assistant Professor/ECE department was the jury for the two events.

### **1. MIME COMPETITION:**

A **MIME Competition** was conducted on an allocated theme *Sustainable Agriculture and Food Technologies*. Four teams with a team size of 4-5 participants from various departments participated in this event. Evaluation was carried out based on the participant's expression, emotion, creativity, timing, and pacing which provided an opportunity to express themselves about the importance of Agriculture.

### **2. SCRIPT COMPETITION:**

After the completion of the MIME competition, a **Scripted event** was conducted. Six students participated in this competition. The script competition was conducted on the theme of the importance of Agriculture in the future. The evaluation of the event was based on story structure, dialogue, communication, and character development. This competition provided them the opportunity to unravel their mental stability and boldness in their content delivery.

Details of a number of members who participated in the event:

**Handloom Awareness Programme**

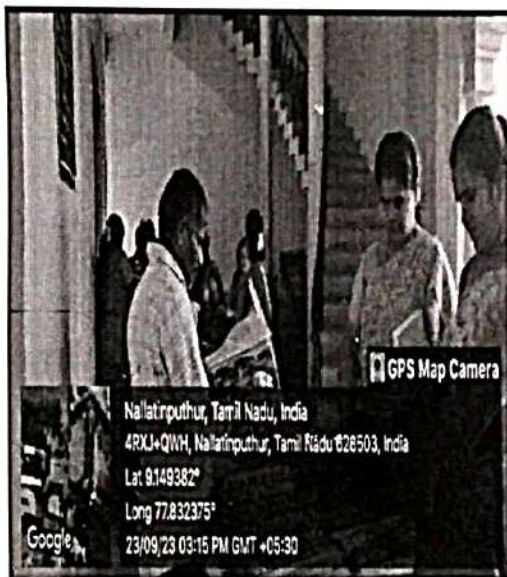

**Detailed Event Report:**

The National Service Scheme and ECO Club of National Engineering College organized the "Handloom Awareness Programme" on September 23, 2023, in the assembly hall from 10:30 a.m. to 11:30 a.m. The program started with tamil thaai valthu. Ms.Anu Santhiya, (III Year ECE), Ms.Uma Devi (III Year ECE) and Ms.Ansi Jebima (II Year ECE) sang the tamil thaai valthu and national anthem. Mrs.K.Sankaraeswari, Asst. Director, Handloom Department, Tirunelveli delivered the welcome address. Dr.B.Paramasivan, Dean (SA & IR) honoured the chief guest and delivered the keynote address. A PowerPoint Presentation about Handloom was explained to students by Thiru. V. Balasubramanian, Manager Second Grade, Cooptex Tirunelveli. Thiru.S.Ganapathy, Manager First Grade, Cooptex Tirunelveli gave the vote of thanks. Around 200 participants from S&H and AI&DS participated in this program and benefited.

To support the handloom and to enable a wider market for handloom weavers, Co-Optex, Tirunelveli, prepared a stall to sell their products like sarees, chudithar, veshtis, and shirts at the auditorium from 11.30 a.m. to 4.30 p.m. Students, teaching and non-teaching staff members from engineering college, arts, and polytechnic college visited the stall and purchased clothes on the desired needs. Total amount of sold around ₹1,50,000 (Approx)

## Report :

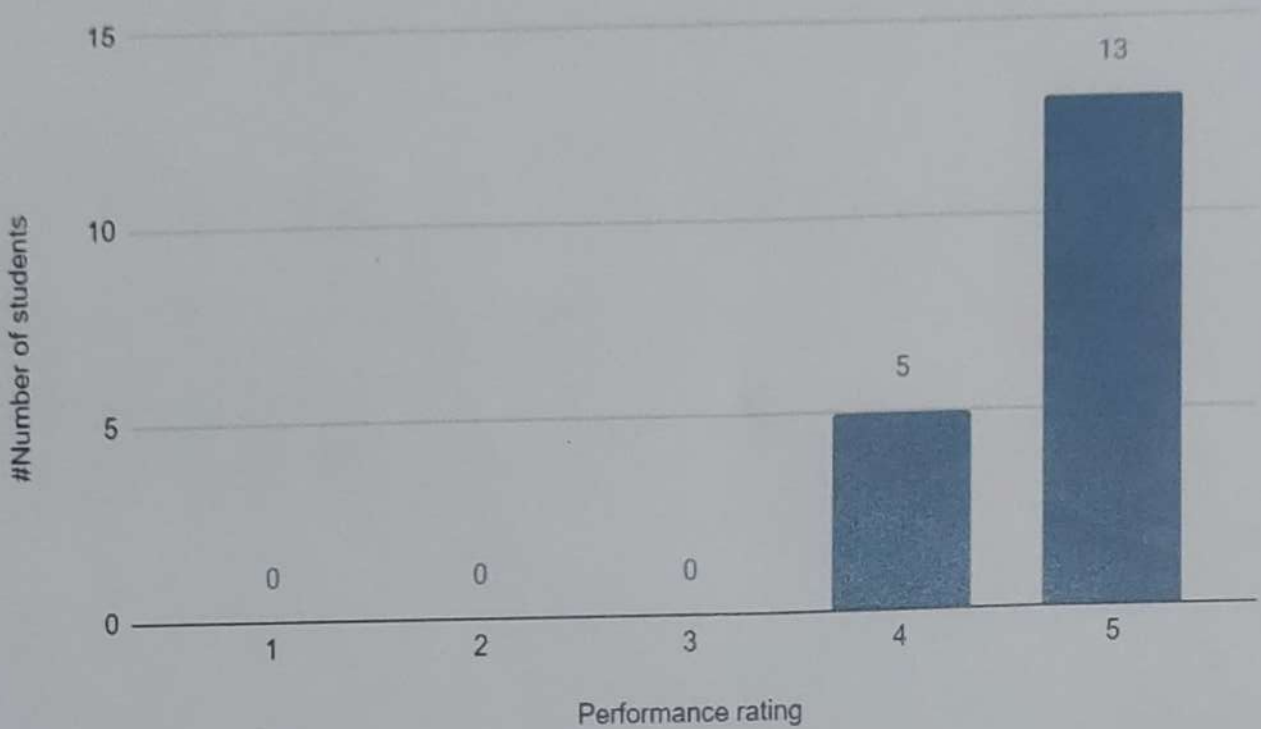

A group discussion on preventing and combating violence against women was held on 08.04.2023 for the third year IT students by the Gender Equity Cell of our college. The students exchanged their views and ideas on this topic. Many students shared personal stories of having experienced or witnessed violence against women, highlighting the need for action to address this issue. The discussion then turned to identifying strategies for preventing and addressing violence against women. The students proposed a variety of approaches, including education and awareness and victim support services. They also stressed the importance of addressing the root causes of violence against women, such as gender inequality and harmful social norms. The event concluded with a call to action encouraging participants to take concrete steps to prevent and combat violence against women in their personal and professional lives. Overall, the group discussion was an informative and thought-provoking event that provided valuable insight into the issue of violence against women.

**Event Report:**

The "Dispose with Care: Sanitary Napkin Machine Awareness" event held on February 3, 2024, aimed to increase awareness about proper sanitary napkin disposal methods. Ms. R. Rathi Pathi, Assistant Professor in the Department of Computer Science and Engineering, led the event, focusing on second-year CSE students. The program highlighted the importance of responsible waste management and introduced eco-friendly solutions, such as sanitary napkin disposal machines in college restrooms. Ms. R.Rathi Pathi's dedication and knowledge emphasized the environmental impact of improper disposal methods, motivating participants to contribute to a cleaner and healthier environment.

During the interactive session, the 2nd-year girls students of CSE actively engaged in a meaningful discussion about the challenges of menstrual hygiene and waste disposal. Ms. R.Rathi Pathi's expertise and commitment to the cause made a lasting impression, inspiring participants to take proactive steps toward creating a more environmentally conscious community. The event was organized and coordinated by Dr. J. Naskath under the guidance of the Chairperson of GE cell, the Principal, and College units.

## Mind is a Treasure

### Introduction:

The human mind is an extraordinary creation, capable of shaping our perceptions, thoughts, emotions.

It is often referred to as a treasure due to its immense potential and capacity to unlock possibilities. This essay explores the significance of the mind as a treasure, its power to innovate, learn, create and transform both individuals and societies.

and adapt to an ever changing world. The mind as a treasure enable to explore diverse perspective and develop a understanding world around us. It encourages the empathy, tolerance and open mindedness.

Mindfulness and Self-awareness:

Mindfulness, as the practice of being fully present in the moment, cultivates self-awareness and a deeper connection with oneself. By observing their thoughts and emotion without judgment, individuals gain into their behaviours, motivations and beliefs. This self-awareness to make conscious choices, overcome obstacles,

**Venue** : **NEC Placement Seminar Hall**

**Date** : **08/01/2024**

## Detailed Report on the event:

The School Education Department has introduced the "Naan Mudhalvan Scheme" with the vision of ensuring that the path to higher education is open to all school children. As part of this initiative, students are encouraged to explore higher education opportunities through field trips. In this regard, the Service Scheme of National Engineering College organized an exposure visit for students from Tamil Nadu on 08/01/2024, in the NEC placement seminar hall at 10:00 am. Approximately 120 government school students from Nallattinputhur, Vanaramutti, Villiseri, and Kalampatti in the Thoothukudi district visited our college and had a fruitful exposure visit.

In the forenoon, a career guidance orientation program was conducted. Following that, Mr. Muralidharan, the director of CONNECT Training Solutions Private Limited and an alumnus of NEC, shared his valuable insights with a presentation titled "Zero to One." Dr. V. Manimaran, Associate Professor in IT, elaborated on placement opportunities for engineering students. Dr. B. Annaraj, Associate Professor in S&H, provided clear guidance on highly reputed institutions for higher education. Dr. I. Sankar, Associate Professor in Mechanical Engineering, discussed the impact of innovation and entrepreneurship on national growth. Finally, Mr. J. Thamba, Associate Professor in S&H, enlightened the students about scholarship schemes from both state and central governments, as well as educational loans.

As part of the event, lunch and refreshments were provided to the school students. In the afternoon, from 2:00 pm to 3:30 pm, the students were taken on a campus tour of NEC. Faculty members from various departments accompanied them, addressing all their queries and doubts. The students greatly benefited from this exposure visit. The event concluded successfully with the dedication of NSS volunteers.

Event : Lecture on 'Grades vs Learning: What's Important'

Date: 17.06.2023

NEC Central Library Readers Park and NDLI Club had been jointly organized a Lecture on 'Grades vs Learning: What's Important' at the Central Library on 17<sup>th</sup> June 2023 at 03.30 p.m.

The event commenced with a welcome address by **Ms.S.Keerthana, III – CSE. Dr.S.Tamil Selvi, Professor & Head, Dept. of ECE,** delivered the presidential address. **Ms.K.S.Kirthykaa, III - CSE,** introduced the Chief Guest, **Mr.R.Vigneshwaran,** an alumnus of NEC Central Library Readers Park and Technical Team Lead, Centizen Inc, Tirunelveli served as a Chief Guest and delivered Chief Guest Address.

**Ms.S.P.Maria Selvi,** Asst. Librarian, introduced the speaker. The Speaker **Ms.G.Keerthika Sri, IV – CSE,** delivered a lecture on 'Grades vs Learning: What's Important'.

She explained that the debate between grades and learning is an important one in the education system. Grades are the scores given to students based on their individual performance in exams and assignments, while learning is the acquisition of knowledge and skills.

Grades are a quick way to assess how well a student is doing academically. On the other hand, learning is the essence of education. It is about understanding concepts, critical thinking, and gaining practical skills.

While grades have their place in the education system, learning should be the ultimate goal. A student who is genuinely interested in learning will naturally perform well in exams, but a student who focuses solely on grades may miss out on the joy of discovering new ideas and concepts.

In conclusion, both grades and learning are essential, but learning should take precedence. When students focus on understanding and acquiring knowledge, grades become a byproduct of their dedication and effort. A balanced approach that values learning while acknowledging the importance of grades can lead to a more fulfilling and effective education for students.

At the end of the session, participants interacted with their views and gave some feedback. **Ms.N.Priyadharshini, III – CSE,** proposed the vote of thanks. **Ms.S.Lalitha, III - CSE** hosted the event. Nearly thirty participants had actively participated in the event. Active Readers Park members coordinated the entire event in a successful manner. The event came to an end at 05.30 p.m.

Event : **IEEE Awareness Programme on Enhancing Research and Project Work**

Date : 26.07.2023

NEC Central Library Readers Park and NDLI Club had been jointly organized an IEEE Awareness Programme on '**Enhancing Research and Project Work**' on **26<sup>th</sup> July 2023**, 10.15 a.m. at College Assembly Hall.

IEEE Xplore provides online access to over 5 million full-text PDF documents encompassing publications in Computer Science, Electrical Engineering, Electronics, and allied fields. It contains material published by the Institute of Electrical and Electronics Engineers (IEEE) and partner publishers.

Users can search on IEEE Xplore Digital Library learn/find bibliographic records and abstracts of its contents. However, access to full-text PDF documents necessitates an individual or institutional subscription. In this regard, NEC Central Library has been subscribing to IEEE Xplore since 2005.

Now, we had conducted IEEE Awareness Programme on '**Enhancing Research and Project Work**'. The main objective of this event is to provide hands-on training on how to effectively use and explore IEEE Xplore, including its features, coverage, search capabilities, retrieval methods, and various services. The training fully focused on enabling faculty members and students to learn how to remotely access IEEE Xplore, ensuring quicker and more effective usage of this e-resource.

The programme commenced with a welcome address by **Ms.R.Veena, III – ECE. Ms.S.Lalitha, III - CSE**, introduced the Chief Guest.

The Chief Guest **Mr.T.S.Nanda Lal**, Senior Training Manager - South India, EBSCO Information Services & IEEE Xplore Digital Library, New Delhi stated about that the following highlights and benefits of IEEE Xplore.

- ✓ Access to millions of relevant articles
- ✓ Identifying emerging research areas and trends
- ✓ Using supplemental items i.e. media files, algorithmic codes, and datasets
- ✓ Exporting math equations and downloading high-resolution figures
- ✓ Efficient research documentation and referencing
- ✓ Advanced search techniques for campus interviews and placements
- ✓ Utilizing IEEE Author Center for publishing
- ✓ Session review and online quiz

**Dr.K.Karunai Raghavan**, Librarian, delivered a special address on the '**Integration of the Library into the Curriculum**'.

Nearly 137 students participated in this event. **Ms.N.Priyadharshini, III CSE** had **proposed** the vote of thanks. **Dr.K.Karunai Raghavan**, Librarian and Active Readers Park members made the arrangements for this entire event in a grand success.

## Central Library – Readers Park

Event : **EBSCO Users Awareness Programme on Enhancing Research and Project Work** 26.07.2023

NEC Central Library Readers Park and NDLI Club had been jointly organized an **EBSCO Users Awareness Programme on 'Enhancing Research and Project Work'** on **26<sup>th</sup> July 2023**, 11.30 a.m. at Assembly Hall.

The EBSCO User Awareness Programme aims to introduce faculty, students, and researchers to the resources available through EBSCO's Engineering Core collection. Through this programme, participants will gain awareness and access to a wide range of engineering-related content to support their academic and research needs. However, access to full-text PDF /HDML documents requires an individual or institutional subscription. In this regard, NEC Central Library has been subscribing to EBSCO's Engineering Core eBooks since 2022-23.

Now, we had conducted EBSCO User Awareness Programme on 'Enhancing Research and Project Work'. The main objective of this event is to provide hands-on training on how to effectively use and explore EBSCO Engineering Core eBooks, including its features, coverage, search capabilities, retrieval methods, and various services.

The training fully focused on enabling students to learn how to remotely access EBSCO Engineering Core eBooks, ensuring quicker and more effective usage of this e-resource.

The programme commenced with a welcome address by **Ms.L.Keerthana**, III – ECE. **Ms.R.Veena**, III - ECE, introduced the Chief Guest.

The Chief Guest, **Mr.T.S. Nanda Lal**, Senior Training Manager - South India, EBSCO Information Services & IEEE Xplore Digital Library, New Delhi, delivered the Chief Guest address. During his address, he provided valuable insights into the various features and benefits of EBSCO's Engineering eBooks. He emphasized the ease of over-viewing, downloading, and reading these eBooks, along with the convenience of accessing them through the EBSCO Mobile App and other platforms. His presentation shed light on the user-friendly nature of EBSCO's resources, catering to the needs of students, researchers, and professionals in the engineering field.

**Dr.K.Karunai Raghavan**, Librarian, delivered a special address on the '**Integration of the Library into the Curriculum**'.

Nearly 189 students participated in this event. **Ms.R.Veena**, III ECE has proposed the vote of thanks. **Ms.S.Lalitha** III - CSE, hosted the event. **Dr.K.Karunai Raghavan**, Librarian and Active Readers Park members made the arrangements for this entire event in a grand success.

## Central Library – Readers Park

Event : **Hands-on Training on IEEE (ASPP) and EBSCO Engineering Core eBooks** 26.07.2023

NEC Central Library Readers Park and NDLI Club had been jointly organized Hands-on Training on 'IEEE (ASPP) and EBSCO Engineering Core eBooks' on 26<sup>th</sup> July 2023, 02.15 p.m. at ICL Computer Lab / Dept. of CSE.

**Ms.L.Keerthana**, III – ECE student welcomed the gathering. **Ms.R.Veena**, III – ECE student introduced the Chief Guest.

IEEE (ASPP) and EBSCO Engineering Core eBooks hands-on training and practical sessions had been conducted by Mr.T.S.Nanda Lal, Senior Training Manager - South India, EBSCO Information Services & IEEE Explore Digital Library, New Delhi. The session began with an overview and functionalities of these resources, user-friendly interfaces, and search capabilities.

Participants were given hands-on training on how to access and navigate through these resources. They were shown various ways to search for specific topics, authors, and publications, enabling them to efficiently search for relevant resources for their research and academic needs. The training also covered the downloading and reading of e-resources from these sources, highlighting the flexibility and convenience of offline (remote) access through different devices. Participants were guided on how to utilise the EBSCO Mobile App to access eBooks.

Moreover, the expert demonstrated advanced search techniques, such as filtering results based on publication dates, subjects, and other criteria, enabling participants to refine their searches and find high-quality engineering materials. The interactive nature of the training allowed participants to ask questions, seek clarifications, and share their own experiences with the resources.

**In conclusion**, the Hands-on Training on 'IEEE (ASPP) and EBSCO Engineering Core eBooks' proved to be a highly valuable and enriching experience for all participants.

**Feedback:** Overall, the training underscored the commitment of IEEE (ASPP) and EBSCO Information Services to support the user community in their pursuit of excellence and innovation in engineering disciplines. It is our hope that such initiatives will continue to empower researchers and students alike, facilitating their growth and contributing to advancements in the field of engineering.

**Dr.K.Karunai Raghavan**, Librarian, delivered a special address on the 'Integration of the Library into the Curriculum'.

Nearly 39 faculty members participated in this event. **Mr.R.P.Rahul**, III ECE has proposed the vote of thanks. **Ms.R.Veena**, III - ECE, hosted the event. **Dr.K.Karunai Raghavan**, Librarian and Active Readers Park members made the arrangements for this entire event in a grand success.

Event : National Librarian's Day Celebration

Date: 12.08.2023

National Librarian's Day was jointly celebrated by NEC Central Library Readers Park and NDLI Club held on **12<sup>th</sup> August 2023** at 11.30 a.m. at Central Library. The event marked a significant occasion to honor the memory and contributions of Dr.S.R.Ranganathan, a distinguished Indian librarian and mathematician.

**Mr.M.Muthu Shankar**, III - CSE, welcomed the gathering. **Ms.S.Lalitha**, III - CSE provided insights into the significance of National Librarians' Day. **Ms.G.Keerthikasri**, IV - CSE introduced the Chief Guest.

**Dr.S.Tamil Selvi**, Professor & Head, Department of Electronics and Communication Engineering, National Engineering College, graced the event as the Chief Guest. In her address, she highlighted the importance of National Librarian's Day in India, commemorated annually on August 12<sup>th</sup>, to honor Dr.S.R.Ranganathan. She emphasized Dr.S.R.Ranganathan's pivotal role as the father of library science in India and his significant contributions to the field of library and information science.

The Chief Guest further elaborated that the day serves as an occasion to recognize and appreciate the dedicated efforts of librarians and library professionals. Typically, this celebration involves various events such as seminars, workshops, and activities organized by libraries and educational institutions to underscore the crucial role of librarians in disseminating knowledge.

**Mr.R.Vaishnavi**, III - EEE, proposed the vote of thanks. **Ms.N.Priya Dharshini**, III – CSE & **Ms.N.Janavee**, III - ECE hosted the event. Nearly twenty participants actively participated in the event. Active Readers Park members coordinated the entire event in a successful manner. The event came to an end at 01.10 p.m.

**Day 01: Pre-Conference Tutorial on Moodle: Open Source Learning Management System:**

A pre-conference tutorial was organized as part of the national conference, with the inaugural function of the tutorial held on October 12, 2023 (Thursday) at the Central Library, National Engineering College, Kovilpatti, Tamil Nadu.

**Dr.K.Kalidasa Murugavel**, Principal, National Engineering College, presided over the function. **Dr.K.Karunai Raghavan**, Convener and Organizing Secretary of SALIS 2023, as well as the Librarian of National Engineering College, Kovilpatti, welcome to the gathering. Mr.T.Rajan, Assistant Librarian, National Engineering College, introduced the chief guest.

It was followed by the chief guest address delivered by **Dr.A.Hariharan**, Founder President, SALIS and Former Head, Knowledge Resource Division, CSIR - Structural Engineering Research Centre (SERC), Ministry of Science & Technology, Government of India, Chennai. **Dr.D.Vignesh Kumar**, Associate Professor, Department of Mechanical Engineering, National Engineering College, introduced the resource person for the tutorial session. The resource person, **Dr.T.Venkatkumar**, Professor, Department of Mechanical Engineering, National Engineering College, Kovilpatti, addressed the participants. The tutorial was structured into three sessions: technical, practical, and brainstorming, all of which were conducted by **Dr.T.Venkat Kumar**.

In the technical session, an overview of the MOODLE Open Source Learning Management System and its applications were discussed. The practical session included a live demonstration of MOODLE, illustrating how to create classes and utilize them effectively for both students and faculty.

The tutorial ended with a vote of thanks by **Dr.K.Elavazhagan**, Librarian and Chief Knowledge Officer, Indian Institute of Management Tiruchirappalli. Nearly 31 participants actively participated in this event, and certificates were distributed along with a group photo.

**Day 02: National Conference on 'Revitalizing Libraries in the Google Generation (ReLibG<sup>2</sup>)':**

# ICSSR Sponsored SALIS 2023 : National Conference on Revitalizing Libraries in the Google Generation

## National Engineering College

National Engineering College (NEC), the most prominent landmark of Kovilpatti, has been the crowning glory of this Matchless City of Matches. **'Son of the Soil' Kalvithanthai Thiru.K.Ramasamy**, the Founder of NEC has transformed the entire social and cultural scenario in and around this small town by wielding the magic wand of social commitment and munificence. Our foresighted philanthropist transformed a strip of barren land into a magnificent academic institution that has been consistently producing infallible Engineers of high competence right from the day of its inception in 1984, duly sanctioned in the self-financing scheme under the Government of Tamil Nadu. During the past thirty nine years, the college has grown and expanded outstandingly.

NEC offers a wide variety of high quality education and training opportunities for every student, and awards qualifications through the highly reputed Anna University. The college offers seven undergraduate and five postgraduate programmes in a wide range of disciplines. NEC is sprawled in a lush green campus, with an alluring backdrop of an enchanting hillock, in NH7 between Madurai and Tirunelveli. NEC provides an excellent locale for academic pursuits in South Tamil Nadu. NEC is now going to celebrate its **40<sup>th</sup> Anniversary with Ruby Jubilee Celebrations during the academic year 2023–2024.**

## Central Library

NEC's Central Library acts as a knowledge hub for the academic activities of the institution, with a mission to provide a knowledge gateway to the user community with state-of-the-art technologies. Web-based Library Integrated Automation has a fully automated library system that facilitates e-Gate, Circulation, Web OPAC etc.

The Central Library provides excellent library facilities such as sufficient books, proper seating and reading facility, proper classification and arrangement of books, an attractive fully air-conditioned modern separate Library building with high-speed Wi-Fi connectivity etc. to all the students, research scholars and faculty members.

Open Access System is being followed. In addition to the well-stocked Central Library, each department has its departmental Library to facilitate easy access for the Faculty, Students & Research Scholars.

The Central Library is kept open (Weekdays 08.30 a.m. to 07.30 p.m. and Sundays 09.30 a.m. to 01.00 p.m.) throughout the year except during government holidays.

Sufficient number of systems are available in the e-Library section with Internet access facility to access e-Resources and in-house non-book materials such as CDs, DVDs, text book tutorial CDs and Periodical's CDs.

## Society for the Advancement of Library and Information Science (SALIS)

SALIS is a registered professional body established in 2002, and it has been actively involved in the development of all spheres of library and information science by organizing various programmes, including conferences, seminars, workshops, and training programmes on emerging topics in various parts of the country. These programmes are organized through SALIS chapters located in many places. SALIS publishes national and international journals, proceedings, and a newsletter for the exchange of information and knowledge among LIS professionals. SALIS has instituted many awards to encourage and motivate LIS professionals. One of the objectives of SALIS is to train the LIS professionals in the country to handle the latest IT tools and techniques more effectively and efficiently and to adopt the best practices to provide high-quality library services. The current focus of SALIS is to **'Reach the Unreached'** to minimize the digital divide.

## Kovilpatti

National Engineering College is located on the Kovilpatti – Tirunelveli National Highway (NH7), 5 km south of Kovilpatti - a town well connected by road and rail. The airport at Madurai is 90 km from NEC. Kovilpatti is surrounded by a number of entertainments, historical and spiritual places such as Courtallam Falls, Nellai Gandhiamman Temple, Tiruchendur Murugan Temple, Madurai Meenakshi Amman Temple, Pathmanathapuram Palace, Rameswaram and Vivekananda Rock at Kanyakumari.

## About the Conference

To make libraries more accessible to users and to promote self-reliance and lifelong learning, libraries must introduce advanced technologies to revitalize their services. This would help libraries deliver services to their patrons more efficiently. Libraries are vital for getting access to information and have become de facto providers of basic digital literacy training, such as use of Google. Present libraries are trying to change their perception from collection spaces to creative spaces. The behaviour of library users in the Google generation has drastically changed in recent years.

Libraries and Librarians play a vital role in organizing and communicating knowledge to the digital natives. One of the most pressing issues facing today is how to revitalize library services to serve the digital native. Keeping those in mind, the organizers have planned a three-day **ICSSR Sponsored SALIS 2023 National Conference on 'Revitalizing Libraries in the Google Generation'.**

This conference provides a platform for all stakeholders in the field of Library and Information Science to design innovative services using modern technologies and new user interfaces to reach and serve the Google Generation. The conference will also explore how libraries can be revitalized to enhance the dissemination of information and impart values through libraries and library professionals in the current technological era.

The Central Library, National Engineering College, Kovilpatti, Tamil Nadu, jointly with the Society for the Advancement of Library and Information Science (SALIS), Chennai, is organizing a three day **ICSSR Sponsored SALIS 2023 National Conference on 'Revitalizing Libraries in the Google Generation'** during 12<sup>th</sup> to 14<sup>th</sup> October 2023.

# ICSSR Sponsored SALIS 2023 : National Conference on Revitalizing Libraries in the Google Generation

## Conference Objectives

- ✓ To revitalize the activities, resources, facilities, and services of libraries to address digital challenges and to meet the needs of the Google generation.
- ✓ To design, develop, and provide next-generation library services through new interfaces for digital natives.
- ✓ To provide innovative library services using library 2.0 and web 2.0 technologies that help users in the digital era, wherever they are and whenever they need them.
- ✓ To provide access to global and scholarly open resources for users collaborating with partner institutions.
- ✓ To enhance the skills of library professionals to understand, embrace and adopt new technologies in their libraries.

## Pre-Conference Tutorial

- ✓ Pre-Conference tutorial on '**Moodle: Open Source Learning Management System**' on 12<sup>th</sup> October 2023.

## About Pre-Conference Tutorial

- ✓ Moodle is a free, open-source learning management system (LMS) that is used by educators and institutions all over the world to create online courses and manage educational content.

## Nearest Historical and Tourist Places

**Ki. Rajanarayanan Manimandapam:** The Tamil Nadu government erected a statue in memory of eminent Tamil writer Ki. Rajanarayanan in Kovilpatti with Manimandapam. Ki. Rajanarayanan has popularly known as Ki. Ra who popularized karisal (black soil) literature worldwide. The manimandapam has his rare photographs and his works to enable the public and students to learn about his literary skills.

**Ettayapuram:** Ettayapuram, the birthplace of **revolutionary poet Subramaniya Bharathiyar**, is located 22 km from NEC. His house has since been turned into a memorial. Umarupulavar Dhansha is also nearby.

**Kazhugumalai Temple:** The Kazhugumalai Jain Temple is 21 km from NEC. This is primarily a Jain temple with pictures of Adinatha, Neminatha Mahaveera Parvanatha, and Bahubali. Vettuvan Kovil, a monolithic temple, is also nearby. This is the only monolithic Pandya Temple that has survived

**Panchalankurichi:** Panchalankurichi is a tiny historical village 37 km away from NEC. In the 17th century AD, the Great fighter Kattabomman, also known as "**Veerapandiya Kattabomman**," fought the British. The Memorial Fort was built in 1974 by the Tamil Nadu Government. The Memorial Hall features excellent murals depicting the great actions of the saga that offer a fair picture of the period's history. The Sri Devi Jakkammal Temple, dedicated to Kattabomman's hereditary Goddess, is located within the fort complex. Near the fort, there is also a cemetery for British soldiers. The Department of Archaeology protects the remnants of the historic fort.

**Kayathar Monument:** Kayathar Kattabomman's Monument has located 28 km away from NEC on the Madurai - Tirunelveli National Highway. Kattabomman, an early freedom fighter who battled against British Authority in India, was executed by the British here in 1799. The Tamil Nadu Government has erected a memorial here to honour the memories of this brave freedom warrior.

**Adichanallur:** Adichanallur is located 77 km away from NEC. From an archaeological standpoint, located on the banks of the Thamirabarani River. It is thought that a sophisticated dwelling lived here in ancient times. Urns (burnt-clay jars used for burial the dead corpses of the extremely old people) and tiny mud vessels were discovered along the river Thamirabarani and serve as evidence for the civilisation. The Tamil Nadu State Archaeological Department is presently in charge of this site.

**Manapad Church:** Manapadu is a coastal hamlet located 122 km from NEC. In 1542, St. Francis Xavier visited this location. The Holy Cross church, situated on a cliff, attracts hundreds of pilgrims throughout the year, and thousands of visitors congregate here during the festival month.

**Papanasam:** 110 km away from NEC. The temple's presiding deity is Pabavinasar alias Kailasanatha, and the Mother Goddess is Ulagammai. A popular picnic location for a significant number of tourists. Agasthiar Waterfalls is 2 km away.

**Courtallam:** Courtallam falls are considered to be natural spa, which could remove all our body pains. The river sources of these falls are River Chittra, Manimutharu, Pachaiyar and Thamirabarani which cascades over 60m-92m. The bitter part of this falls is, during season time, it will be over crowded and thronged with people. The nine waterfalls at Courtallam are as follows Peraruvi, Chittaruvi, Shenbaga Falls, Thenaruvi, Aintharuvi, Puliaruvi, Pazhaya Courtallam, Puthu Aruvi, Pazhathotta Aruvi.

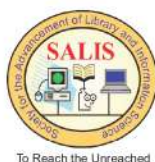

**Thiruchendur:** Thiruchendur is a famous pilgrimage site in South India. This temple is about 90 km away from NEC via Thoothukkudi. The seashore temple is devoted to Lord Muruga and is one of Lord Muruga's six abodes. Arupadai Veedu the 157-foot-tall nine-story-tier temple tower dates from the 17<sup>th</sup> century AD. Visiting Valli Cave, taking a sea bath, and soaking in Nazhickinaru are all considered sacred.

**Nellaiappar Temple, Tirunelveli:** Nellaiappar Temple is a temple dedicated to the lord Shiva, located in Tirunelveli in Tamil Nadu. It is located at a distance of 58 km from Kovilpatti. Shiva is worshipped as Nellaiappar represented by the lingam and his consort Parvati is depicted as Kanthimathi Amman. This is one of the PanchaSabha temples (Copper) that are revered as the five Cosmic Dance halls of Lord Shiva.

**Srivilliputhur Andal Temple:** Andal Temple is situated in the Srivilliputhur town of Virudhunagar District of Tamil Nadu. It is located at a distance of 60 km from Kovilpatti. It is a Temple where Bhagwan Vishnu is worshipped for years and it is one of the 108 Divyadesams of Lord Vishnu. The temple is divided into two parts, Vatapatrasaayi section of the temple has the murti of Bhagwan Vishnu along with Maha Lakshmi and Bhooma Devi. Andal Section has Image of Andal and Ragamannar.

## National Engineering College

National Engineering College (NEC), the most prominent landmark of Kovilpatti, has been the crowning glory of this Matchless City of Matches. '**Son of the Soil**' **Kalvithanthai Thiru.K.Ramasamy**, the Founder of NEC has transformed the entire social and cultural scenario in and around this small town by wielding the magic wand of social commitment and munificence. Our foresighted philanthropist transformed a strip of barren land into a magnificent academic institution that has been consistently producing infallible Engineers of high competence right from the day of its inception in 1984, duly sanctioned in the self-financing scheme under the Government of Tamil Nadu. During the past thirty nine years, the college has grown and expanded outstandingly.

NEC offers a wide variety of high quality education and training opportunities for every student, and awards qualifications through the highly reputed Anna University. The college offers seven undergraduate and five postgraduate programmes in a wide range of disciplines. NEC is sprawled in a lush green campus, with an alluring backdrop of an enchanting hillock, in NH7 between Madurai and Tirunelveli. NEC provides an excellent locale for academic pursuits in South Tamil Nadu. NEC is now going to celebrate its **40<sup>th</sup> Anniversary with Ruby Jubilee Celebrations during the academic year 2023–2024**.

## Central Library

NEC's Central Library acts as a knowledge hub for the academic activities of the institution, with a mission to provide a knowledge gateway to the user community with state-of-the-art technologies. Web-based Library Integrated Automation has a fully automated library system that facilitates e-Gate, Circulation, Web OPAC etc.

The Central Library provides excellent library facilities such as sufficient books, proper seating and reading facility, proper classification and arrangement of books, an attractive fully air-conditioned modern separate Library building with high-speed Wi-Fi connectivity etc. to all the students, research scholars and faculty members.

Open Access System is being followed. In addition to the well-stocked Central Library, each department has its departmental Library to facilitate easy access for the Faculty, Students & Research Scholars.

The Central Library is kept open (Weekdays 08.30 a.m. to 07.30 p.m. and Sundays 09.30 a.m. to 01.00 p.m.) throughout the year except during government holidays.

Sufficient number of systems are available in the e-Library section with Internet access facility to access e-Resources and in-house non-book materials such as CDs, DVDs, text book tutorial CDs and Periodical's CDs.

## Society for the Advancement of Library and Information Science (SALIS)

SALIS is a registered professional body established in 2002, and it has been actively involved in the development of all spheres of library and information science by organizing various programmes, including conferences, seminars, workshops, and training programmes on emerging topics in various parts of the country. These programmes are organized through SALIS chapters located in many places. SALIS publishes national and international journals, proceedings, and a newsletter for the exchange of information and knowledge among LIS professionals. SALIS has instituted many awards to encourage and motivate LIS professionals. One of the objectives of SALIS is to train the LIS professionals in the country to handle the latest IT tools and techniques more effectively and efficiently and to adopt the best practices to provide high-quality library services. The current focus of SALIS is to '**Reach the Unreached**' to minimize the digital divide.

## Kovilpatti

National Engineering College is located on the Kovilpatti – Tirunelveli National Highway (NH7), 5 km south of Kovilpatti - a town well connected by road and rail. The airport at Madurai is 90 km from NEC. Kovilpatti is surrounded by a number of entertainments, historical and spiritual places such as Courtallam Falls, Nellai Gandhiamman Temple, Tiruchendur Murugan Temple, Madurai Meenakshi Amman Temple, Pathmanathapuram Palace, Rameswaram and Vivekananda Rock at Kanyakumari.

## About the Conference

To make libraries more accessible to users and to promote self-reliance and lifelong learning, libraries must introduce advanced technologies to revitalize their services. This would help libraries deliver services to their patrons more efficiently. Libraries are vital for getting access to information and have become de facto providers of basic digital literacy training, such as use of Google. Present libraries are trying to change their perception from collection spaces to creative spaces. The behaviour of library users in the Google generation has drastically changed in recent years.

Libraries and Librarians play a vital role in organizing and communicating knowledge to the digital natives. One of the most pressing issues facing today is how to revitalize library services to serve the digital native. Keeping those in mind, the organizers have planned a three-day **ICSSR Sponsored SALIS 2023 National Conference on 'Revitalizing Libraries in the Google Generation'**.

This conference provides a platform for all stakeholders in the field of Library and Information Science to design innovative services using modern technologies and new user interfaces to reach and serve the Google Generation. The conference will also explore how libraries can be revitalized to enhance the dissemination of information and impart values through libraries and library professionals in the current technological era.

The Central Library, National Engineering College, Kovilpatti, Tamil Nadu, jointly with the Society for the Advancement of Library and Information Science (SALIS), Chennai, is organizing a three day **ICSSR Sponsored SALIS 2023 National Conference on 'Revitalizing Libraries in the Google Generation'** during 12<sup>th</sup> to 14<sup>th</sup> October 2023.

# ICSSR Sponsored SALIS 2023 : National Conference on Revitalizing Libraries in the Google Generation

## Conference Objectives

- ✓ To revitalize the activities, resources, facilities, and services of libraries to address digital challenges and to meet the needs of the Google generation.
- ✓ To design, develop, and provide next-generation library services through new interfaces for digital natives.
- ✓ To provide innovative library services using library 2.0 and web 2.0 technologies that help users in the digital era, wherever they are and whenever they need them.
- ✓ To provide access to global and scholarly open resources for users collaborating with partner institutions.
- ✓ To enhance the skills of library professionals to understand, embrace and adopt new technologies in their libraries.

## Pre-Conference Tutorial

- ✓ Pre-Conference tutorial on '**Moodle: Open Source Learning Management System**' on 12<sup>th</sup> October 2023.

## About Pre-Conference Tutorial

- ✓ Moodle is a free, open-source learning management system (LMS) that is used by educators and institutions all over the world to create online courses and manage educational content.
- ✓ It is a platform that allows educators to create and manage online courses and activities, deliver content, and track student progress.
- ✓ It includes tools for organising course content, tracking student progress, and facilitating student-instructor communication.
- ✓ It enables teachers to design and manage courses, activities, and resources such as text, multimedia, and quizzes.
- ✓ It is designed to be accessible and responsive, making it usable on a wide range of devices, including desktop computers, laptop computers, and mobile devices.

## Nearest Historical and Tourist Places

**Ki. Rajanarayanan Manimandapam:** The Tamil Nadu government erected a statue in memory of eminent Tamil writer Ki. Rajanarayanan in Kovilpatti with Manimandapam. Ki. Rajanarayanan has popularly known as Ki. Ra who popularized karisal (black soil) literature worldwide. The manimandapam has his rare photographs and his works to enable the public and students to learn about his literary skills.

**Ettayapuram:** Ettayapuram, the birthplace of **revolutionary poet Subramaniya Bharathiyar**, is located 22 km from NEC. His house has since been turned into a memorial. Umarupulavar Dhansha is also nearby.

**Kazhugumalai Temple:** The Kazhugumalai Jain Temple is 21 km from NEC. This is primarily a Jain temple with pictures of Adinatha, Neminatha Mahaveera Parvanatha, and Bahubali. Vettuvan Kovil, a monolithic temple, is also nearby. This is the only monolithic Pandya Temple that has survived.

**Panchalankurichi:** Panchalankurichi is a tiny historical village 37 km away from NEC. In the 17th century AD, the Great fighter Kattabomman, also known as "**Veerapandiya Kattabomman**," fought the British. The Memorial Fort was built in 1974 by the Tamil Nadu Government. The Memorial Hall features excellent murals depicting the great actions of the saga that offer a fair picture of the period's history. The Sri Devi Jakkammal Temple, dedicated to Kattabomman's hereditary Goddess, is located within the fort complex. Near the fort, there is also a cemetery for British soldiers. The Department of Archaeology protects the remnants of the historic fort.

**Kayathar Monument:** Kayathar Kattabomman's Monument has located 28 km away from NEC on the Madurai - Tirunelveli National Highway. Kattabomman, an early freedom fighter who battled against British Authority in India, was executed by the British here in 1799. The Tamil Nadu Government has erected a memorial here to honour the memories of this brave freedom warrior.

**Adichanallur:** Adichanallur is located 77 km away from NEC. From an archaeological standpoint, located on the banks of the Thamirabarani River. It is thought that a sophisticated dwelling lived here in ancient times. Urns (burnt-clay jars used for burial the dead corpses of the extremely old people) and tiny mud vessels were discovered along the river Thamirabarani and serve as evidence for the civilisation. The Tamil Nadu State Archaeological Department is presently in charge of this site.

**Manapad Church:** Manapadu is a coastal hamlet located 122 km from NEC. In 1542, St. Francis Xavier visited this location. The Holy Cross church, situated on a cliff, attracts hundreds of pilgrims throughout the year, and thousands of visitors congregate here during the festival month.

**Papanasam:** 110 km away from NEC. The temple's presiding deity is Pabavinasar alias Kailasanatha, and the Mother Goddess is Ulagammai. A popular picnic location for a significant number of tourists. Agasthiar Waterfalls is 2 km away.

**Courtallam:** Courtallam falls are considered to be natural spa, which could remove all our body pains. The river sources of these falls are River Chittra, Manimutharu, Pachaiyar and Thamirabarani which cascades over 60m-92m. The bitter part of this falls is, during season time, it will be over crowded and thronged with people. The nine waterfalls at Courtallam are as follows Peraruvi, Chittaruvi, Shenbaga Falls, Thenaruvi, Aintharuvi, Puliaruvi, Pazhaya Courtallam, Puthu Aruvi, Pazhathotta Aruvi.

**Thiruchendur:** Thiruchendur is a famous pilgrimage site in South India. This temple is about 90 km away from NEC via Thoothukkudi. The seashore temple is devoted to Lord Muruga and is one of Lord Muruga's six abodes. Arupadai Veedu the 157-foot-tall nine-story-tier temple tower dates from the 17<sup>th</sup> century AD. Visiting Valli Cave, taking a sea bath, and soaking in Nazhickinaru are all considered sacred.

**Nelliappar Temple, Tirunelveli:** Nelliappar Temple is a temple dedicated to the lord Shiva, located in Tirunelveli in Tamil Nadu. It is located at a distance of 58 km from Kovilpatti. Shiva is worshipped as Nelliappar represented by the lingam and his consort Parvati is depicted as Kanthimathi Amman. This is one of the PanchaSabha temples (Copper) that are revered as the five Cosmic Dance halls of Lord Shiva.

**Srivilliputhur Andal Temple:** Andal Temple is situated in the Srivilliputhur town of Virudhunagar District of Tamil Nadu. It is located at a distance of 60 km from Kovilpatti. It is a Temple where Bhagwan Vishnu is worshipped for years and it is one of the 108 Divyadesams of Lord Vishnu. The temple is divided into two parts, Vatapatrasaayi section of the temple has the murti of Bhagwan Vishnu along with Maha Lakshmi and Bhooma Devi. Andal Section has Image of Andal and Ragamannar.

Event : FOSS Workshop on C++

Date : 07.02.2024

The NEC Central Library, NEC NDLI Club and Quality Improvement Cell jointly organized a FOSS Workshop on 'C++' through **Spoken Tutorial, IIT Bombay** on 07<sup>th</sup> February 2024 (Wednesday) at 03.30 p.m.

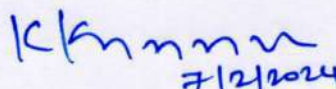

**Ms.A.Bhuvaneshwari**, II – ECE welcomed the gathering. **Ms.S.Abinaya**, II – ECE introduced the resource person. **Mr.S.Cammillus**, AP (SG) / ECE, served as the resource person and delivered a lecture on 'C++'.

He elaborated on the significance of C++, highlighting its status as one of the predominant programming languages applicable across a wide range of hardware and operating system platforms. As a cross-platform language, C++ facilitates the development of high-performance applications. Moreover, C++ affords programmers extensive control over system resources and memory.

He discussed several fundamental aspects of C++, including the introduction to the first C++ program, understanding tokens, functions, variable scope, implementation of it and else if statements, utilization of nested if and switch statements, application of increment and decrement operators, and employing arithmetic, relational, and logical operators.

The event was concluded by 05.30 p.m. with a vote of thanks by **Ms.S.Subhiksha**, II – ECE. Nearly **seventy three** students actively participated in the event. **Dr.K.Karunai Raghavan**, Librarian, had made all the necessary arrangements for the workshop in a successful manner.

Event: FOSS Workshop on JAVA

Date : 08.02.2024

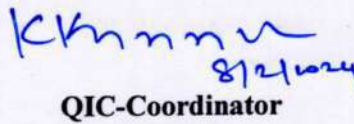

The NEC Central Library, NEC NDLI Club and Quality Improvement Cell jointly organized a 'FOSS Workshop on JAVA' through Spoken Tutorial, IIT Bombay on 08<sup>th</sup> February 2024 (Thursday) by 03.30 p.m.

Ms.S.Jinopher, II – IT welcomed the gathering. Ms.S.Samantha, II – IT introduced the Chief Guest. Mr.P.G.Siva Sharma Karthick, AP/ IT, served as the Resource Person and delivered a lecture on 'JAVA'.

He elaborated on Java's standing as the foremost class-based, object-oriented, high-level programming language. Typically, Java code is compiled into bytecode (class files), enabling it to run seamlessly on any Java Virtual Machine (JVM) irrespective of the underlying architecture. Java boasts minimal implementation dependencies, a deliberate design choice aimed at facilitating developers to write code that can execute on one platform without requiring recompilation for compatibility on another.

The event was concluded by 05.30 p.m. with the vote of thanks by Ms.P.Mahalakshmi, II – IT. Nearly sixty two students participated in the event. Dr.K.Karunai Raghavan, Librarian, had made all the necessary arrangements for this workshop in a successful manner.

Event : FOSS Workshop on **LINUX**

Date : 13.02.2024

The NEC Central Library, NEC NDLI Club and Quality Improvement Cell jointly organized a FOSS Workshop on '**Linux**' through **Spoken Tutorial, IIT Bombay** on 13<sup>th</sup> February 2024 (Tuesday) at 03.30 p.m.

**Ms.R.Priyadharshini, II** – ECE welcomed the online gathering. **Ms.K.Meenakshi, II** – ECE introduced the Resource Person. **Dr.I.Vivek Anand, AP (SG) / ECE**, served as the resource person and delivered a lecture on '**LINUX**'.

He conveyed that Linux stands as one of the predominant operating systems in contemporary usage. Linux encompasses a range of Unix-like computer operating systems built upon the Linux kernel. Its versatility is evident as it can be installed across a diverse spectrum of hardware, from mobile phones and tablets to mainframes and supercomputers.

Being open source, Linux fosters a collaborative environment where the Linux kernel, governed by the GNU General Public License, is freely accessible for creation, modification, and distribution. Its true potential lies in its rich repository of commands, which are harnessed through the terminal interface. This emphasis on command-line usage reflects Linux's lineage traced back to the Unix operating system, which predates graphical user interfaces. Consequently, Linux inherits Unix's legacy of offering a robust suite of flexible text-based commands.

The event was concluded by 05.30 p.m. with the vote of thanks by **Ms.R.Veena, III** – ECE. Nearly **forty two** students participated in the event. **Dr.K.Karunai Raghavan**, Librarian, had made all the necessary arrangements for this workshop in a successful manner.

Event : FOSS Workshop on **PHP & MySQL**

Date : 14.02.2024

The NEC Central Library, NEC NDLI Club and Quality Improvement Cell jointly organized a FOSS Workshop on '**PHP & MySQL**' through **Spoken Tutorial, IIT Bombay** on 14<sup>th</sup> February 2024 (Wednesday) at 03.30 p.m.

**Ms.S.Samantha**, II – IT welcomed the gathering. **Ms.J.Infant Diksaha**, II – IT introduced the resource person. **Ms.N.Gowthami**, AP / IT, served as the resource person and delivered a lecture on '**PHP & MySQL**'.

She elucidated that PHP, short for "PHP: Hypertext Preprocessor," stands as a widely embraced open-source scripting language with a broad applicability, particularly in web development, where it seamlessly integrates with HTML. Drawing inspiration from languages like C, Java, and Perl, PHP boasts a syntax that is straightforward to grasp, facilitating rapid development. While its primary focus lies in empowering web developers to swiftly craft dynamically generated web pages, PHP extends its utility beyond this realm.

MySQL, recognized as a Relational Database Management System (RDBMS), serves as a cornerstone for storing, retrieving, and managing application-related data. It provides a structured approach to organizing and accessing data crucial to the functioning of applications.

Apache, an esteemed Open Source web server, enjoys widespread adoption. Serving as the foundation for hosting web applications on remote servers, a web server such as Apache plays a pivotal role in processing client requests and facilitating access to the hosted applications or webpages.

The event was concluded by 05.30 p.m. with the vote of thanks by **Ms.S.Deepiga**, II – IT. Nearly **forty seven** students participated in the event. **Dr.K.Karunai Raghavan**, Librarian, had made all the necessary arrangements for this workshop in a successful manner.

Event : FOSS Workshop on **BLENDER**

Date : 15.02.2024

The NEC Central Library, NEC NDLI Club and Quality Improvement Cell jointly organized a FOSS Workshop on '**BLENDER**' through **Spoken Tutorial, IIT Bombay** on 15<sup>th</sup> February 2024 (Thursday) at 03.30 p.m.

**Ms.A.M.Akalya, II – Civil** welcomed the gathering. **Ms.M.Esai Nandhini, III – Civil** introduced the resource person. **Mr.A.Darral Alfred, AP / Civil**, served as the resource person and delivered a lecture on '**BLENDER**'.

He detailed that Blender stands as a freely available open-source 3D graphics application, distributed under the GNU General Public License and compatible with Linux, Mac OS X, FreeBSD, OpenBSD, and Microsoft Windows operating systems.

Key features of Blender encompass a comprehensive array of functionalities, including 3D modeling, UV unwrapping, texturing, rigging, simulations for water and smoke, skinning, animation, rendering, particle simulations, and various other simulation capabilities. Moreover, Blender doubles as video editing software, offering tools for compositing and facilitating the creation of interactive 3D applications, video games, animated films, and visual effects.

The software's advanced toolkit comprises features such as rigid body dynamics simulation, realistic body physics simulation, fluid dynamics simulation, cloth and soft body dynamics, modifier-based modeling, character animation capabilities, a node-based material and compositing system, and embedded scripting support through Python. These robust features empower users to tackle complex projects and realize their creative visions efficiently.

The event was concluded by 5.30 p.m. with the vote of thanks by **Ms.R.Geerthika, II – Civil**. Nearly **one hundred and twenty seven** students participated in the event. **Dr.K.Karunai Raghavan**, Librarian, had made all the necessary arrangements for this workshop in a successful manner.

Event : FOSS Workshop on **Arduino**

The NEC Central Library, NEC NDLI Club and Quality Improvement Cell jointly organized a FOSS Workshop on '**Arduino**' through **Spoken Tutorial, IIT Bombay** on 16<sup>th</sup> February 2024 (Friday) at 03.30 p.m.

**Ms.V.Lekha Shree, II – ECE** welcomed the gathering. **Ms.S.Krishna Priya, II – ECE** introduced the resource person. **Ms.A.Apsara, AP / ECE**, served as the resource person and delivered a lecture on '**Arduino**'.

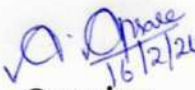

She outlined that Arduino serves as an open-source platform tailored for constructing electronics projects. It encompasses both a physical programmable circuit board or microcontroller and a software component, the IDE (Integrated Development Environment), which operates on a computer. This IDE facilitates the writing and uploading of computer code onto the physical board.

Arduino boards come in various designs, employing a diverse range of microprocessors and controllers. These boards feature sets of digital and analog input/output pins, a USB connection for program loading, a power jack, reset button, and other necessary components.

Programming for Arduino is executed using the IDE, where code is referred to as a "sketch." The Arduino IDE supports the languages C and C++, employing specific code structuring conventions. A sketch typically consists of two functions: setup and loop. The setup function initializes variables, configures input and output pin modes, and integrates any required libraries. Subsequently, the loop function executes continuously in the main program, controlling the board's operations until it is powered off or reset.

Arduino's versatility extends to interacting with an array of components such as buttons, LEDs, motors, speakers, cameras, TVs, smartphones, and beyond. Its adaptability renders it suitable for a wide spectrum of electronics projects.

The event was concluded by 5.30 p.m. with the vote of thanks by **Ms.S.Abinaya, II – ECE**. Nearly **twenty nine** students participated in the event. **Dr.K.Karunai Raghavan**, Librarian, had made all the necessary arrangements for this workshop in a successful manner.

Event : FOSS Workshop on **Python 3.4.3**

Date : 19.02.2024

The NEC Central Library, NEC NDLI Club and Quality Improvement Cell jointly organized a FOSS Workshop on 'Python 3.4.3' through **Spoken Tutorial, IIT Bombay** on 19<sup>th</sup> February 2024 (Monday) at 03.30 p.m.

**Mr.S.Anisha**, II – CSE welcomed the gathering. **Ms.K.Suji Priya**, II – CSE introduced the resource person. **Dr.S.Dheenathayalan**, AP (SG) / CSE, served as the resource person and delivered a lecture on 'Python 3.4.3'.

He provided an overview of Python 3.4.3, highlighting its widespread popularity as a versatile, interpreted, interactive, object-oriented, and high-level programming language. Python's dynamic typing and automatic garbage collection further enhance its usability.

Initially developed by Guido Van Rossum between 1985 and 1990, Python shares similarities with Perl, offering its source code under the GNU General Public License (GPL).

Python finds extensive application in server-side web development, allowing for the creation of web applications. Its support for multiple programming paradigms, including procedural, object-oriented, and functional programming, contributes to its flexibility and broad appeal.

The design philosophy of Python places a premium on code readability, achieved through the distinctive use of significant indentation. This approach underscores Python's commitment to writing clear, concise, and understandable code.

The event was concluded by 05.30 p.m. with the vote of thanks by **Mr.S.Keerthika**, II – CSE. Nearly **forty five** students participated in the event. **Dr.K.Karunai Raghavan**, Librarian, had made all the necessary arrangements for this workshop in a successful manner.

Event : FOSS Workshop on QCAD

Date : 20.02.2024

The NEC Central Library, NEC NDLI Club and Quality Improvement Cell jointly organized a FOSS Workshop on 'QCAD' through Spoken Tutorial, IIT Bombay on 20<sup>th</sup> February 2024 (Tuesday) at 03.30 p.m.

**Mr.K.Vishnu**, II – Mechanical Engineering, welcomed the gathering. **Mr.A.Vinoth Kumar**, II – Mechanical Engineering, introduced the resource person. **Dr.R.Vigneshkumar**, AP (SG) / Department of Mechanical Engineering, served as the resource person and delivered a lecture on 'QCAD'.

He provided an overview of QCAD, a user-friendly application designed for computer-aided drafting in two dimensions (2D). Tailored to be accessible to a wide audience, QCAD facilitates the creation of technical drawings ranging from building plans to mechanical parts and diagrams.

Accessible across various operating systems including Windows, Mac OS X, and many Linux and Unix systems, QCAD caters to a diverse user base. Notably, the source code of the QCAD community edition is made available under the GPL (Open Source) license, fostering collaboration and innovation within the community.

Furthermore, he elucidated several fundamental concepts integral to mastering QCAD, including an introduction to the software, drawing methods, and utilizing modification tools. These tools encompass a range of functionalities such as stretching, mirroring, scaling, and rotating, which are essential for manipulating and refining drawings within QCAD's intuitive interface.

The event was concluded by 05.30 p.m. with the vote of thanks by **Mr.S.Akash**, II – Mechanical Engineering. Nearly **sixty four** students participated in the event. **Dr.K.Karunai Raghavan**, Librarian, had made all the necessary arrangements for this workshop in a successful manner.

Event : **Onsite Training for EBSCO & IEEE Xplore**

Date : 01.03.2024

NEC Central Library Readers Park and the NDLI Club collaborated to host an **Onsite Training Sessions for EBSCO & IEEE Xplore** on 1<sup>st</sup> March 2024, at the College Assembly Hall.

**Objective:** The primary aim of the Onsite Training session was to explain to participants the functionalities and features of EBSCO and IEEE Xplore platforms. Both platforms are pivotal resources for academic and research endeavors, offering a plethora of scholarly articles, journals, and research papers across various disciplines.

**Training Sessions:** The three training sessions commenced as follows: the first session started at 10.15 a.m. and was attended by second year ECE & EEE students. Following this, the second session began at 11.30 a.m. for second year CSE & IT students. Finally, the third session started at 2.00 p.m. for second year AI&DS, Mech., and Civil students.

**Mr. T. S. Nanda Lal**, Senior Training Manager - South India, EBSCO Information Services & IEEE Xplore Digital Library, New Delhi, served as the Chief Guest and conducted onsite training and practical sessions on EBSCO Engineering Core eBooks and IEEE Xplore. The sessions commenced with an overview of the resources, including their functionalities, user-friendly interfaces, and search capabilities. Students received hands-on training on accessing and navigating through these resources, learning various search techniques for specific topics, authors, and publications to efficiently gather relevant resources for research and academic purposes. Additionally, the training covered downloading and reading e-resources, emphasizing the flexibility and convenience of offline access through different devices, including guidance on utilizing the EBSCO Mobile App for accessing eBooks. Advanced search techniques, such as filtering results based on publication dates, subjects, and other criteria, were also demonstrated to help the students refine their searches and discover high-quality engineering materials. The interactive nature of the training encouraged the students to ask questions, seek clarifications, and share their experiences with the resources.

**Feedback:** Feedback from students was overwhelmingly positive, with many expressing appreciation for the practical insights gained during the training.

**Conclusion:** The Onsite Training for EBSCO & IEEE Xplore proved to be a fruitful endeavor, equipping students with essential skills and knowledge to leverage these platforms for their research endeavors.

**Next Steps:** To ensure the continuity of learning, students are encouraged to explore further the functionalities of EBSCO and IEEE Xplore independently. Additionally, future training sessions and workshops on related topics will be organized to cater to the evolving needs of the academic community.

The training commenced with a welcome address by **Ms.S.Lalitha, III - CSE**. **Ms.K.S.Kirthykaa, III - CSE**, introduced the Chief Guest. **Dr.K.Karunai Raghavan**, Librarian, delivered a special address on the '**Integration of the Library into the Curriculum**'. Nearly **475 students** participated in this event. **Ms.N.Priyadharshini, III CSE** had **proposed** the vote of thanks. The Librarian and Active NEC Central Library Readers Park members made the arrangements for this entire event in a grand success.
