21.11.2025

Dear Sir/Madam,

Sub: Minutes of the 21st Meeting of the Board of Studies in the Civil Engineering - Reg.

Kindly find attached herewith the Minutes of the 21st Board of studies Meeting of the Civil Engineering Programme of National Engineering College, K.R.Nagar, Kovilpatti – 628503 held on 21.11.2025 at 10.00 AM in COE office Conference Hall, National Engineering College. Hard copy of the Minutes is also being sent to you by speed post.

It is requested that comments on the Minutes, if any, may please be sent by email at hodcivil@nec.edu.in or by post, at the earliest. If no comments are received, within ten days, the Minutes shall be taken as confirmed. With Kind Regards,

Yours Sincerely

Dr. I. Padmanaban

	RESOLVED TO APPROVE refinement of VI semester courses of UG degree programme under R-2023
BoS / CIVIL 21.4	ANY OTHER ITEMS, IF ANY, WITH THE PERMISSION OF THE CHAIRMAN OF THE BOS
	The Board of Studies members held a discussion with the internal members regarding the VII semester courses, Elective and One credit courses under R-2023
BoS / CIVIL 21.5	SUGGESTIONS GIVEN BY THE BOS MEMBERS
21.5.1	The Board members recommended renaming the “Water Resources Engineering” course as Water Resources and Irrigation Engineering , as three COs primarily address irrigation related topics.
21.5.2	The content distribution across COs in the Water Resources course should be reorganized to improve coherence, and sequencing alignment.
21.5.3	The Architecture and Town Planning syllabus was considered too extensive for a single course. The Board suggested splitting it into two courses or offering Town Planning as an independent course.
21.5.4	Biomining topics should be incorporated into the Geo-environmental Engineering course.
21.5.5	The course titled Earth and Earth Retaining Structures should be renamed Earth Retaining Structures .
21.5.6	CO5 content in Earth retaining course should be revised, as it duplicates topics covered in Soil Mechanics. It may be replaced with failure analyses and case studies on slope stability.
21.5.7	The one-credit course Building Marking should be delivered by industry/field experts. Additional content on reading building plans and structural drawings should be included.
21.5.8	The Board advised removing “Traditional Building Science” from the one-credit course list. It may instead be offered through guest lectures or workshops. And, they suggested to include “Rainwater Harvesting” as a one-credit course.
21.5.9	The topic “Portion Covermeter” should be added under CO2 of the Structural Health Monitoring course.
21.5.10	For integrated courses, the Board suggested to follow the R2025 regulations of Anna University after approval from the Academic council, as discussed with the Dean (Academics).
21.5.11	The addition of the following subjects as electives under appropriate verticals was recommended: <ul style="list-style-type: none"> ✓ AI Applications in Civil Engineering ✓ Design of Foundations for Structures ✓ Groundwater Hydrology

Based on the suggestions and recommendations given by the members, BoS resolved to recommend the following to the Academic Council for further approval. Finally Mr.B.Gowtham, Assistant Professor thanked all the members for their fruitful discussion and valuable suggestions and the meeting came to an end.

ANNEXURE I

Action taken for Minutes of 20th BoS Meeting

As per BoS Committee Suggestions,

- 1 Water resources and Irrigation engineering has been introduced in the core course in 6th semester.
- 2 Estimation and costing theory course has been modified in to practical course with one lecture and two lab hours for a week.
- 3 3D printing and BIM modelling has been merged and made as a single course.
- 4 PWD rates for materials has been included in the Estimation and costing course.
- 5 "Drone applications in waste management" topic has been included in the Municipal solid waste management course
- 6 The course name "Design of reinforced concrete structures" has been renamed as "Design of reinforced and masonry structures"
