

Remote access activation involves two elements:

1. Create a user profile
2. Activate your remote access

1. Create a user profile (if you already have a user profile please skip to step 2.)

- a) Open the ScienceDirect website www.sciencedirect.com
- b) Click **Register** (top right)

ScienceDirect Journals & Books **Register** Sign in > ?

Search for peer-reviewed journals, articles, book chapters and open access content.

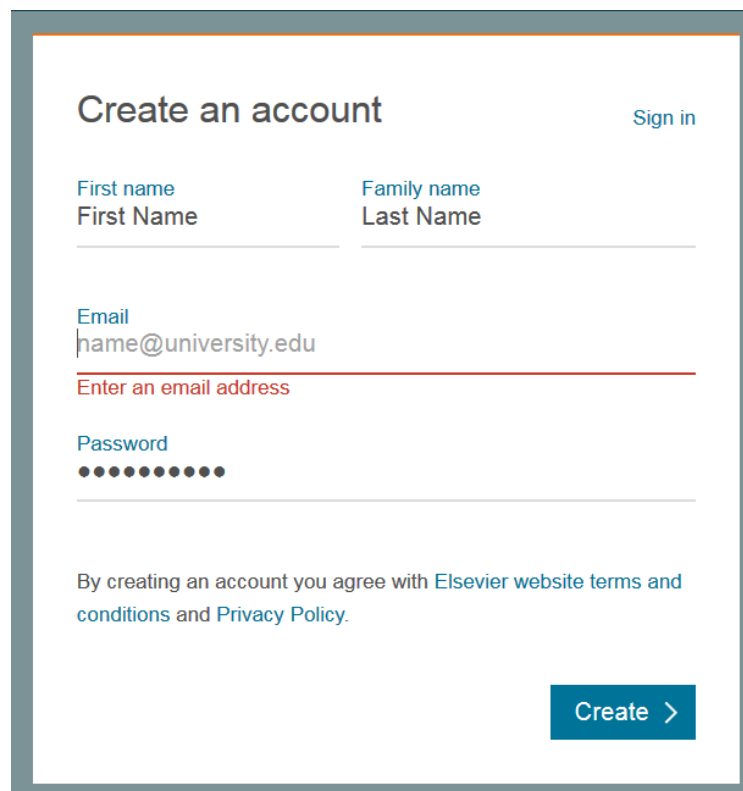

Keywords Author name Journal/book title Volume Issue Pages Advanced search

Discover more with ScienceDirect

- Receive personalized recommendations based on your recent signed-in activity
- Create publication and search alerts

Register for personalized features >

- c) Enter details required in the registration form and then click **Create**.

2. Activate your remote access

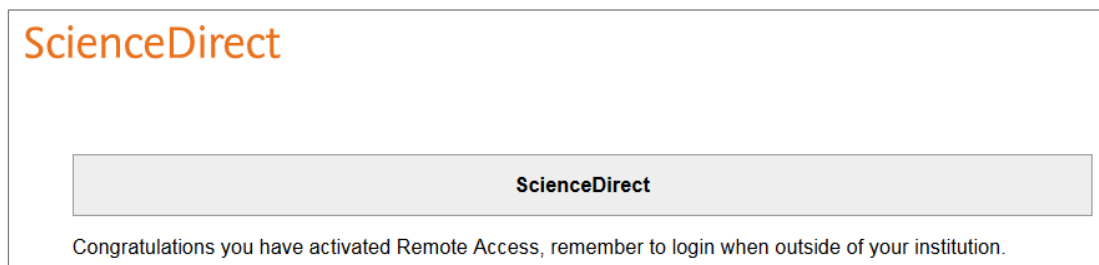

- a) Open the ScienceDirect website www.sciencedirect.com
- b) Scroll to the bottom of the page and click on [Remote access](#)

- c) Enter your company e-mail address and click on **Continue**. A confirmation email will be sent.

A screenshot of the 'Apply for remote access' form on the ScienceDirect website. The form has the ScienceDirect logo at the top. Below it is the title 'Apply for remote access' and a note '(*=required fields)'. There is a text input field labeled 'E-mail Address:' containing 'name@institute.com' with a red asterisk to its right. Below the input field is a 'Continue' button.

3. Open the email and click the link to [Activate your remote access](#)
4. And you are done. You can now access Science Direct from any device from anywhere.

5. Just open your browser, go to www.sciencedirect.com and Sign in with your e-mail address and password:
